Well the dive season is officially open. Both Gilboa and Whitestar quarries opened on April 1st and will be open 7 days a week now until Dec. I have lots of classes starting and my dive schedule will be filling up. I expect to be diving every Sunday in April unless I have to schedule a pool session for my OWD classes. Please check the schedule on the web site often as it may change daily. Unless stated otherwise your welcome to come and dive with me anytime I'm in the water.
